Annexe 1, art. 1 of the Regulations on the Status and Transfer of Players

Annex 1, article 1

1. Clubs are obliged to release their registered players to the representative teams of the country for which the player is eligible to play on the basis of his nationality if they are called up by the association concerned. Any agreement between a player and a club to the contrary is prohibited.

2. The release of players under the terms of paragraph 1 of this article is mandatory for all international windows listed in the international match calendar (cf. paragraphs 3 and 4 below) as well as for the final competitions of the FIFA World Cup™, the FIFA Confederations Cup and the championships for “A” representative teams of the confederations, subject to the relevant association being a member of the organizing confederation.

3. After consultation with the relevant stakeholders, FIFA publishes the international match calendar for the period of four or eight years. It will include all international windows for the relevant period (cf. paragraph 4 below). Following the publication of the international match calendar only the final competitions of the FIFA World Cup™, the FIFA Confederations Cup and the championships for “A” representative teams of the confederations will be added.

4. An international window is defined as a period of nine days starting on a Monday morning and ending on Tuesday night the following week (subject to the temporary exceptions below), which is reserved for representative teams’ activities. During any international window a maximum of two matches may be played by each representative team (subject to the temporary exceptions below), irrespective of whether these matches are qualifying matches for an international tournament or friendlies. The pertinent matches can be scheduled any day as from Wednesday during the international window, provided that a minimum of two full calendar days are left between two matches (e.g. Thursday/Sunday or Saturday/Tuesday).

i. During the international windows scheduled for March 2021 and September 2021, for associations affiliated to UEFA:

- a) the international windows are extended by one day; and
- b) a maximum of three matches may be played by each representative team.

ii. During the international window scheduled for June 2021, for associations affiliated to the AFC, CAF, Concacaf and the OFC:

- a) the international window is extended by seven days; and
- b) a maximum of four matches may be played by each representative team.

5. Representative teams shall play the two matches (subject to the temporary exceptions set out in paragraph 4 of this article) within an international window on the territory of the same confederation, with the only exception of intercontinental play-off matches. If at least one of the two matches is a friendly, they can be played in two different confederations only if the distance between the venues does not exceed a total of five flight hours, according to the official schedule of the airline, and two time-zones.

6. It is not compulsory to release players outside an international window or outside the final competitions (as per paragraph 2 above) included in the international match calendar. It is not compulsory to release the same player for more than one “A” representative team final competition per year. Exceptions to this rule can be established by the FIFA Council for the FIFA Confederations Cup only.

7. For international windows, players must be released and start the travel to join their representative team no later than Monday morning and must start the travel back to their club no later than the next Wednesday morning following the end of the international window, subject to the temporary exception below. For a final competition in the sense of paragraphs 2 and 3 above, players must be released and start the travel to their representative team no later than Monday morning the week preceding the week when the relevant final competition starts and must be released by the association in the morning of the day after the last match of their team in the tournament.

- i. During the international windows that have been extended in accordance with paragraph 4 (i), players must start the travel back to their club no later than the morning following the end of the international window.

8. The clubs and associations concerned may agree a longer period of release or different arrangements with regard to paragraph 7 above.

9. Players complying with a call-up from their association under the terms of this article shall resume duty with their clubs no later than 24 hours after the end of the period for which they had to be released. This period shall be extended to 48 hours if the representative teams’ activities concerned took place in a different confederation to the one in which the player’s club is registered. Clubs shall be informed in writing of a player’s outbound and return schedule ten days before the start of the release period. Associations shall ensure that players are able to return to their clubs on time after the match.

10. If a player does not resume duty with his club by the deadline stipulated in this article, at explicit request, the FIFA Players’ Status Committee shall decide that the next time the player is called up by his association the period of release shall be shortened as follows:

- a) international window: by two days
- b) final competition of an international tournament: by five days

11. Should an association repeatedly breach these provisions, the FIFA Players' Status Committee may decide:

- a) to further reduce the period of release;
- b) to ban the association from calling up a player(s) for subsequent representative teams' activities

Annex 1, art. 3 par. 2 of the Regulations on the status and Transfer of Players

Annex 1, article 3, par. 2

2. Associations wishing to call up a player must notify the player in writing at least 15 days before the first day of the international window (cf. Annex 1, article 1 paragraph 4) in which the representative teams' activities for which he is required will take place. Associations wishing to call up a player for the final competition of an international tournament must notify the player in writing at least 15 days before the beginning of the relevant release period. The player's club shall also be informed in writing at the same time. Equally, associations are advised to copy the association of the clubs concerned into the summons. The club must confirm the release of the player within the following six days.

PREAMBLE

This AFC Match Operations Protocol during COVID-19 Pandemic (“AFC MOP”) is a compilation of recommended operational guidelines and measures to be observed and applied by the AFC, Host Organisations, Participating Teams/Participating Clubs and all other relevant stakeholders in relation to the staging, organising and hosting of AFC Competitions and Matches (collectively the “Stakeholders” and each a “Stakeholder”) played during the COVID-19 pandemic, as well as any and all persons affiliated to the Stakeholders and/or carrying out duties on their behalf (collectively the “Individuals” and each an “Individual”).

It is aimed at minimising the risk of COVID-19 by establishing standardised protocols with a focus on additional measures, which shall be applied to all Matches held in the context of the pandemic.

The document has been developed based on relevant protocols from FIFA, Football Confederations and Football Associations across the world as well as international health organisations. As the situation evolves, the AFC General Secretariat may further update this document as required and as advised by the AFC COVID-19 Advisory Expert Group, which shall be communicated to the relevant stakeholders accordingly.

For the purpose of this AFC MOP, all defined terms shall bear the same meaning as ascribed to them in the relevant Competition regulations and the AFC Competition Operations Manual (“Manual”), unless the context requires otherwise.

SECTION 1 | GENERAL PROVISIONS

1. Scope of Application

This AFC MOP shall apply to all AFC football, futsal and beach soccer Competitions and Matches played during the COVID-19 pandemic, until such time as the AFC Executive Committee decides otherwise.

It shall be read in conjunction with the relevant Competition regulations, the Manual and all other protocols, directives, decisions, guidelines and circulars issued by the AFC in connection with its Competitions and Matches. Where no provision of this AFC MOP is applicable, FIFA's Return to Football - International Match Protocol shall apply, where appropriate.

For the avoidance of doubt, where the relevant authorities of a host country have imposed additional and/or stricter requirements than those set out in this AFC MOP, such additional and/or stricter requirements shall prevail. Nothing in this AFC MOP shall affect any obligations arising from any applicable national laws, and the relevant Stakeholder or Individual (as appropriate) shall be solely responsible for complying with all applicable laws and protocols.

2. Preventative Measures

Each Stakeholder and Individual shall collectively ensure to implement the following preventative measures ("Preventative Measures") at all times, as recommended by the World Health Organisation (WHO) and FIFA.

- **Hand hygiene:** provisions shall be in place for regular and thorough hand washing or hand sanitising with an alcohol-based rub.
- **Respiratory hygiene:** the AFC requires that all Individuals wear face masks covering the nose and mouth. The only exception to this requirement shall be:
 - Participating Players and Match Officials on the Field of Play during the Match (all Participating Players and Participating Officials on the team bench shall wear face masks);
 - Participating Players, Participating Officials and Match Officials during any warm-up (pre-Match or during the Match) or training;
 - commentators while commentating in designated positions, and;
 - presenters while presenting to the camera.

Unless otherwise approved in writing by the AFC, face masks must be clear and free from any visible marks, branding, insignia, statements, slogans, names or numbers, in accordance with the AFC Equipment Regulations. No religious or political message or image in any form, any offensive symbol or message is permitted.

- **Physical distancing:** a minimum distance of 1m (one metre) shall be maintained by all Individuals except for those listed above as exceptions to wearing face masks.

- **Cleaning and hygiene regimes:** all spaces and surfaces shall be regularly and thoroughly cleaned and disinfected.
- **Risk communication and awareness:** it is critical to ensure a clear risk communication strategy is in place, which ensures all Individuals understand and comply with the requirements set out in this document.
- **Monitoring and testing:** comprehensive protocols for self-monitoring, health checks and testing shall be put in place.
- **Defining and tracing contacts:** adequate records shall be maintained to enable contact tracing by the relevant authorities, whenever necessary.
- **Management of people with COVID-19, its symptoms and their contacts:** any Individual who develops symptoms, or is suspected of having contracted, or has been confirmed as having COVID-19, shall not enter any Controlled Access Area and be subject to the medical protocol of the relevant authorities.
- **Management responsibility and planning:** the Host Organisation shall be responsible for ensuring that the medical protocol set out by the relevant authorities of the host country and the AFC are fully adhered to.

Full details of the Preventative Measures are stipulated in Annexe B of [FIFA's Return to Football – International Match Protocol](#).

SECTION 2 | MEDICAL MEASURES

3. Health Monitoring Activities

From at least fourteen (14) days prior to the Match, all Individuals involved in the Match shall implement the following self-health monitoring activities:

- daily body-temperature screening;
- symptom check to assess any of the following:
 - fever;
 - dry cough;
 - tiredness;
 - aches and pains;
 - sore throat;
 - diarrhoea;
 - conjunctivitis;
 - headache;
 - loss of taste or smell, and;
 - skin rash, or discolouration of fingers or toes.

Participating Teams/Participating Clubs shall regularly monitor their Participating Players and Participating Officials through the respective medical personnel (e.g. Team Doctor or Team Medical Liaison Officer). All other Individuals should monitor themselves. It is strongly recommended to keep detailed evidence of the daily health monitoring activities (e.g. keeping “health-diaries”), in preparation for any enquiries and investigations by the relevant authorities.

Individuals who are unwell or are experiencing any of the symptoms listed above are urged to self-isolate and follow local health protocols set out by the relevant authorities of the country.

4. Testing Requirements

A robust testing regime is essential to effectively detect and isolate the relevant Individuals and prevent the spread of COVID-19. It is also critical to build psychological confidence within the Individuals involved in the Match by ensuring they are safeguarded within a “biomedical bubble”.

COVID-19 testing is mandatory for all Participating Players, Participating Officials, Match Officials and the AFC Delegation, in accordance with the requirements as below:

- the Polymerase Chain Reaction (“PCR Test”) for SARS-COV-2 shall be strictly used as the diagnostic testing procedure;
- testing shall be conducted no earlier than seventy-two (72) hours prior to the Individual's departure to the Venue and test results shall be submitted to the AFC before departure. Any exceptions due to existing medical protocols set out by the relevant authorities of the country shall be subject to the AFC's written approval;

- any Individual who has previously tested positive for COVID-19 shall provide such medical and other supporting documents as required by the AFC and the relevant authorities as evidence to prove their recovery, which shall be subject to the written approval of the AFC;
- Individuals shall be subject to additional COVID-19 testing upon arrival at the host country and throughout the duration of their stay in the host country, in accordance with the protocol set out by the relevant authorities of the host country, and;
- the AFC reserves the right to request additional documents in all cases.

For a PCR test to be considered valid by the AFC, the following information must be provided in the test results:

- Details of the result, in any positive case, preferably with the Cycle Threshold (CT) value. (e.g. E gene = positive [CT=33.32]; ORF1b gene=positive [CT= 28.23])

Test results are sensitive personal data and shall be dealt in accordance with the directives of the relevant authorities of the country.

Responsibilities of the Host Organisation

Host Organisations shall be responsible to ensure all other Individuals involved in the Match (e.g. drivers, on-pitch medical staff, hotel staff, etc) are tested in accordance with the above requirements, with special focus on those in close contact with the Participating Players, Participating Officials, Match Officials and the AFC Delegation. In principle, only those who have been tested negative shall be allowed to access a Controlled Access Area.

Host Organisations, in consultation with the relevant authorities of the host country, shall establish a comprehensive testing regime for all the Individuals involved in the Match to ensure all Matches are played in a safe environment. They are required to organise tests for Participating Players, Participating Officials, Match Officials and AFC Delegation upon their arrival at the host country. In addition to the test upon arrival, periodic regular tests shall be conducted throughout the duration of the Competition, as follows.

Host Organisations shall provide the AFC with the details of the relevant laboratory facilities, for its approval.

5. Management of Positive Cases

Generally, in cases where Individuals test positive, they should isolate immediately and report to the relevant authorities of the country they are in, to be dealt in compliance with the laws and protocols in place.

In addition to the above, Individuals who are considered as contacts, as identified by the relevant authorities of the host country, may also be required to isolate and report in accordance with the laws and protocols.

In any case, Individuals shall strictly comply with the laws and protocols set out by the relevant authorities.

SECTION 3 | MATCH OPERATIONS PROTOCOL

6. General Principles

In accordance with the Preventative Measures required under this AFC MOP, the following general principles shall be applied to every Individual, space and activity taking place at the Stadium:

- **Personnel planning:** only essential personnel confirmed by the AFC Match Commissioner should be deployed for work at the Stadium.
- **Screening:** all Individuals entering the Stadium shall be subject to a temperature check at the point of entry. Any Individual who develops symptoms, or is suspected of having contracted, or has been confirmed as having COVID-19, shall not be permitted to enter the Stadium.
- **Zoning and access control:** Stadiums shall be divided into four (4) zones to avoid overcrowding and to prevent any uncontrolled contact between the Individuals.
- **Wearing face masks:** face masks covering the nose and mouth shall be worn by all Individuals with the exception of those listed in Article 2.
- **Cleaning and sanitising:** all spaces, surfaces and objects shall be cleaned regularly. Hand sanitisers shall be located in prominent areas throughout the Stadium.

- **Contact tracing:** records shall be maintained for the purpose of contact tracing, as required by the relevant authorities of the host country.

7. Stadium Zoning and Access Control

A clear zoning system and strict access controls protocols shall be put in place to minimise contact between the different groups of Stakeholders. At all times, the number of personnel within each zone should be kept to the absolute minimum required.

The Host Organisation shall be responsible for the configuration of the zones, taking into account the flow and capacity of the Stadium facilities. It shall also be responsible for establishing the maximum number of personnel allowed into each zone during each time, in consultation with the AFC Match Commissioner and the relevant authorities of the host country.

Security personnel appointed by the Host Organisation shall be responsible for controlling access in each zone at the perimeter of each zone. Access boards and signages shall be sufficiently provided at each access control point to reduce the time taken and contact made with any security personnel. Preparation and set-up for access control operations must be completed prior to the first (earliest) arrival of the officials involved in the Match. For all

entrances, the Host Organisation shall set up measures for temperature checks and identify an isolation room/area nearby in case of any temperature measurement exceeding the threshold.

For Matches held during the COVID-19 pandemic, the following four (4) zones shall apply:

- Zone 1: Field of Play Area
- Zone 2: Official Area
- Zone 3: Stadium Internal Area
- Zone 4: Stadium External Area

In principle, only those Individuals from the “biomedical bubble” shall be allowed to access Zone 1 and 2. Any exception to this principle shall be subject to the written approval of the AFC Match Commissioner.

8. Match Coordination Meeting and Official Countdown

Match Coordination Meetings are recommended to take place online to minimise any unnecessary physical contact. However, physical meetings may take place if deemed necessary by the AFC Match Commissioner, provided that the meeting room is large enough to ensure physical distancing.

In addition to the standard agenda, extra attention should be paid to the special arrangements made in consideration of COVID-19. These arrangements shall include the timings of Stadium disinfection, set-up of thermal scanners at the entrances, sealing of dressing rooms, staggered

departure and arrival of Participating Teams/Participating Clubs, and be reflected in the Official Countdown accordingly.

Preventative Measures, as well as Stadium zoning and access control shall be in place in the same way as on Match days until the departure of all officials involved.

Additional meetings involving the medical personnel of each Stakeholder may also be arranged by the AFC or the Host Organisation, if necessary.

9. Submission and Distribution of Documents

Whenever possible, documents transmitted in relation to the Match (e.g. Player Selection List, Officials on the Substitution Bench Form and Match Start List) shall be submitted and distributed digitally.

Participating Teams/Participating Clubs are required to submit the original copy to the AFC Match Commissioner for the record, as instructed by the AFC Match Commissioner.

10. Disinfecting the Stadium

All spaces, surfaces and objects within the Stadium shall be disinfected regularly, in line with a formal hygiene and cleaning plan for the Stadium.

On Match days, the disinfection must take place early in the morning prior to the first (earliest) arrival of the officials involved in the Match. The Host Organisation shall communicate the schedule of the disinfection to the AFC Match Commissioner to ensure the timings are reflected in the Official Countdown for the relevant Match.

It is the responsibility of the Host Organisation to coordinate with the relevant authorities of the host country to ensure compliance with any protocol of the host country.

All costs related to disinfecting the Stadium shall be borne by the Host Organisation.

Dressing rooms shall be sealed with a signage or label (e.g. “disinfected area”) following the disinfection, only to be opened by the relevant Participating Team/Participating Club.

11. Arrival of Participating Teams/Participating Clubs and Match Officials

Participating Players, Participating Officials and Match Officials must wear face masks upon their arrival at the Stadium.

A separate time and drop-off area shall be arranged for the arrival of Participating Teams/ Participating Clubs and subsequently the Match Officials with a minimum gap of ten (10) minutes.

Implementation of different entry gates and different routes to the respective dressing rooms are recommended as much as possible (e.g. Team A and Team B enter the Stadium from different gates).

The Head Coach on arrival interview will be conducted by the Host Broadcaster while ensuring adequate physical distancing as well as using a dedicated microphone on stand for the Head Coach.

12. Dressing Rooms

Team Dressing Rooms

The use of the dressing rooms shall be minimised as much as possible.

Depending on the size of the dressing rooms, additional rooms adjacent to the existing dressing rooms shall be used as extended dressing rooms for teams to allow physical distancing. If used, these additional rooms must also be disinfected.

Any spa, sauna, wet room, jacuzzi, ice-bath or similar facility should not be used and, if possible, remain closed.

Once the disinfection of the team dressing rooms is completed, only members of the relevant Team Official Delegation may enter the dressing rooms, unless otherwise approved in writing by the AFC Match Commissioner.

Referee Dressing Rooms

The same requirements as established for the team dressing rooms shall be applied to the referee dressing rooms.

Once the disinfection of the referee dressing rooms is completed, only the relevant Match Officials may enter the dressing rooms, unless otherwise approved in writing by the AFC Match Commissioner.

13. Team Benches, Technical Seats and Additional Seats

Physical distancing must be observed in the team benches and technical seats. For this purpose, additional seats may be required to extend the team benches (e.g. by providing additional seats next to the existing team benches or by utilising adjacent seats in the stands with direct access to the field area) to accommodate the number of Participating Players and Participating Officials who are allowed to sit on the team bench in accordance with the relevant Competition regulations.

Technical seats for any member of the Team Official Delegation who are not registered to sit on the team bench shall be provided in the stands adjacent to the team benches. These seats shall be segregated from any additional seats for the team bench and from any other seats in the stands, with separate access routes to ensure the members of the Team Official Delegation do not contact any Individual out of the “biomedical bubble”.

A strict access control protocol shall be in place for any additional seats for the team bench and technical seats.

14. Accreditation Card and Equipment Check

The Accreditation Card and Equipment check by the AFC Match Commissioner and Fourth Official shall be conducted in accordance with the Official Countdown, but not within the dressing rooms.

It shall be conducted at the dressing room entrance or any other designated area adjacent to the relevant team dressing room, in compliance with physical distancing.

15. Pre-Match Warm-up

The pre-Match warm-up timings shall be maintained as per standard practice in accordance with the Official Countdown of the relevant Match.

If the Stadium structure allows, Participating Teams/Participating Clubs and Match Officials shall remain segregated when entering and leaving the Field of Play.

16. Pre-Match Ceremony

The standard procedure shall be maintained with the following adjustments in consideration of the Preventative Measures:

- all flags (e.g. national flags and AFC flags) shall be carried by adults rather than minors and enter the Field of Play in advance of the Participating Players' tunnel line-up, to avoid any mixing in the tunnel;
- strict physical distancing shall be maintained during the tunnel line-up and final equipment check;
- Host Broadcasters are allowed to film the tunnel line-up and Pre-Match Ceremony as usual procedure, with minimum personnel and physical distancing;
- player escorts, presentations by any third-parties or VIP handshakes shall not be allowed;
- the Referee and two (2) Assistant Referees shall lead the march-in, followed by the Participating Players. The fourth official and AFC General Coordinator (LOC General Coordinator for Matches played in a home and away format) shall follow the Participating Players;

- allowing only selected spectators (e.g. members of the fan club, season ticket holders for league matches, etc) instead of public ticket sales;

APPENDIX 2 | COVID-19 MEDICAL PREPAREDNESS AND RESPONSE PLAN

A COVID-19 Medical Preparedness and Response Plan should be developed in coordination with all relevant authorities of the host country. This plan will play an essential part in the mitigation of risks identified using the football-specific risk assessment tool. The requirements detailed below can also be found in the mitigation checklist contained in the football-specific risk assessment tool.

The plan aims to set out actions to take in case of a medical contingency scenario occurring, and attributes clear roles and responsibilities as part of a multi-agency medical response.

The following constituent parts are to be reflected in this document:

- a description of the status of the current risk situation and local epidemiological situation;
- established screening measures (including temperature checks, screening for COVID-19 symptoms on arrival, health screening questionnaires, contact tracing, travel history questionnaires, etc) in place for Individuals entering a Controlled Access Area in relation to the Match;
- detailed COVID-19 Preventative Measures for all Controlled Access Areas;
- details of appointed suppliers of COVID-19 laboratory diagnostic tests or required certification levels, along with the testing regime for the Match;
- different scenarios of event modification, which have been developed regarding the status of the local and global epidemiological situation; the most likely scenarios are to be developed into contingency plans (e.g. additional travel and/or movement restrictions due to an increase in COVID-19 cases);
- a cooperation protocol/agreement with the relevant authorities of the host country with clear roles and responsibilities for COVID-19 case management, including testing, isolation/quarantine, medical care, and transportation for all Stakeholders;
- a procedure that clearly identifies how any Individual feeling unwell or displaying COVID-19 symptoms while at a Controlled Access Area should report;
- an agreed reporting protocol on who the Host Organisation or Participating Teams/ Participating Clubs should contact in the host country to report confirmed or suspected cases and request advice, testing and epidemiological investigations as required by the local public health authorities;
- a description of the first-aid and other event medical services on-site, their equipment, their roles and responsibilities;
- details of medical teams which are equipped to support Participating Players and other Individuals with acute respiratory symptoms;
- details of isolation rooms/spaces available on all Controlled Access Areas used for the Match;
- procedures in place to quickly isolate suspected/confirmed cases;
- details/locations of and access arrangements with designated medical facilities that can address severe respiratory disorders in patients with COVID-19 infection;
- details of arrangements in place with local public health/transportation services with trained professionals (ambulatory services) available to transport critically ill patients with a severe acute respiratory syndrome to a hospital;

- arrangement for movement of patients out of the country, including those who are asymptomatic, but have tested positive, and;
- protocols in place to notify all relevant Individuals of possible exposure to COVID-19 if there are any suspected or confirmed cases at an official site.

As a minimum, the COVID-19 Medical Preparedness and Response Plan should comply with the requirements set out in the AFC Match Operations Protocol during COVID-19 Pandemic. In case the requirements set out by the relevant authorities of the host country are stricter, those requirements shall prevail and the COVID-19 Medical Preparedness and Response Plan should cover the constituent parts accordingly.

Wash your hands frequently and thoroughly using soap and water for at least 20 seconds. Use alcohol-based hand sanitizer if soap and water aren't available.

Cough or sneeze into a tissue or flexed elbow, then throw the tissue in the trash.

Avoid touching, your eyes, nose or mouth with unwashed hands.

PREAMBLE

These Special Rules are applicable to all AFC football Competitions and Matches taking place in the period during which they are in force in the context of the COVID-19 pandemic (the “Special Rules”).

These Special Rules set out the responsibilities of the AFC, Host Organisations, Participating Teams/Participating Clubs and all other relevant stakeholders participating in and/or otherwise involved in the staging, organising, hosting and/or delivery of the AFC Competitions and Matches (collectively the “Stakeholders” and each a “Stakeholder”), as well as any and all persons affiliated to the Stakeholders and/or carrying out duties on their behalf (collectively the “Individuals” and each an “Individual”).

These Special Rules shall be read in conjunction with and be considered to form an integral part of the relevant Competition regulations and the AFC Competition Operations Manual (the “Manual”), and shall also be read in conjunction with the AFC Match Operations Protocol during COVID-19 Pandemic (“AFC MOP”) and all other protocols, directives, decisions, guidelines and circulars issued by the AFC in connection with its Competitions and Matches.

In the event of any discrepancy between these Special Rules and any of the foregoing documents, the provisions of these Special Rules shall prevail to the extent of the discrepancy.

Failure to comply with any matter set out in these Special Rules is an offence and may be sanctioned in accordance with the relevant Competition regulations and the AFC Disciplinary and Ethics Code (as applicable).

For the purposes of these Special Rules, all defined terms shall bear the same meaning as ascribed to them in the relevant Competition regulations and the Manual, unless the context requires otherwise.

1. Compliance with AFC and Host Country Medical Protocol

- 1.1. Notwithstanding anything to the contrary in the AFC MOP, all Stakeholders and Individuals are required to comply with:
 - 1.1.1. the provisions of these Special Rules and all rules set out herein; and
 - 1.1.2. all health, safety, medical, security, travel and other protocol and laws set by the relevant authorities of the host country any Match is held in, at all relevant times.
- 1.2. For the avoidance of doubt, where the relevant authorities of a host country have imposed additional and/or stricter requirements than those set out in these Special Rules, such additional and/or stricter requirements shall prevail.
- 1.3. For the avoidance of doubt, nothing in these Special Rules shall affect any obligations arising from any applicable national laws (whether in a host country, a Stakeholder or Individual's home country, any transit country or otherwise) and the relevant Stakeholder or Individual (as appropriate) shall be solely responsible for complying with all applicable laws and protocols.

2. Temperature Checks and Entry to the Stadium

- 2.1. All Individuals shall be subject to a temperature check prior to entering a Stadium.
- 2.2. Any Individual re-entering a Stadium for any reason shall be subject to another temperature check.
- 2.3. In case the measurement of a temperature check is higher than 37.5°C (or the temperature required by the host country, whichever is lower), the relevant Individual will be subject to a second temperature check which shall take place approximately ten (10) minutes after the first temperature check.
- 2.4. In case the measurement of a second temperature check is still higher than 37.5°C (or the temperature required by the host country, whichever is lower), the relevant Individual shall not be allowed to enter and shall be escorted to an isolation room/area. The relevant Individual shall be referred to the AFC Medical Officer or (if the AFC Medical Officer is not present in the Stadium) the LOC Medical Officer who will take the final decision on any further action(s). Individuals and Stakeholders must comply with all directions of the AFC Medical Officer or LOC Medical Officer (as appropriate) in this regard.
- 2.5. In case any Individual is not allowed entry to a Stadium as a result of the operation of Articles 2.3 and 2.4, the relevant Stakeholder shall be responsible for replacing such Individual and for ensuring that the delivery of the Match is not affected (subject to any applicable rules regarding registration).

3. Testing and Eligibility

- 3.1. Only Participating Players, Participating Officials and Match Officials who have tested negative for COVID-19 in accordance with the testing requirements set out by the AFC and the relevant authorities of the host country shall be able to participate in a Match.
- 3.2. Any Individual who travels to the host country of a Match or Competition and tests positive for COVID-19 at any time after his/her arrival to the host country shall immediately be quarantined by the relevant Stakeholder. This requirement also applies to any Individual who tests positive but is already present in the host country of a Match or Competition (i.e. an Individual who does not need to travel). The relevant Stakeholder shall also immediately report the positive test to the AFC and comply with all reporting obligations required under the national law and/or protocol of the host country, maintaining strict confidentiality. The relevant Individual shall be subject to the medical protocol of the host country. Any such Individual who subsequently tests negative for COVID-19 shall only be allowed to participate in a Match after providing such medical and other supporting documents as are required by the AFC and the relevant authorities of the host country (e.g. a negative test result from an approved and validly authorised testing facility), and any such participation shall always be subject to the prior written approval of the AFC (to be granted or withheld at the AFC's sole discretion).
- 3.3. Any Individual who has been tested positive for COVID-19 at any time prior to their arrival to the host country of a Match or Competition (whether such Individual has recovered or otherwise) shall provide such medical and other supporting documents as are required by the AFC and the relevant authorities of the host country. This requirement also applies to any Individual who has tested positive in the past but is already present in the host country of a Match or Competition (i.e. an Individual who does not need to travel). Individuals covered by this Article 3.3 shall only be allowed to participate in any Match with the prior written approval of the AFC (to be granted or withheld at the AFC's sole discretion).
- 3.4. The relevant Participating Team/Participating Club shall be fully responsible for all of its Participating Players who return to play after recovering from COVID-19 and neither the AFC nor any other Stakeholder shall be liable for any medical complication that may develop as a result of or in connection with any Participating Player's return to play in a Match and/or participation in a Competition (whether from the after effects of COVID-19 or otherwise) or for any other liability (whether financial or otherwise) connected with their return to play. The AFC may request the relevant Participating Team/Participating Club and/or the relevant Participating Player to sign a declaration that the relevant Participating Player is medically fit to participate in a Match and/or Competition.

- 3.5. Any withholding of information or failure to provide supporting documents by a Stakeholder, or the making of false or misleading statements by a Stakeholder, may result in the initiation of disciplinary proceedings in accordance with the relevant Competition regulations and the AFC Disciplinary and Ethics Code (as applicable), and/or legal action being initiated by the relevant authorities of the host country.
- 3.6. No media releases or public announcements (including any social media posting) regarding test results (positive or negative) or otherwise relating to AFC protocol or procedure shall be made by any Stakeholder and/or Individual without the AFC's prior written approval.
- 3.7. In case any Individual is not allowed to participate in a Match due to a confirmed case of COVID-19, the relevant Stakeholder shall be responsible for replacing such Individual and for ensuring that the delivery of the Match is not affected (subject to any applicable rules regarding registration).
- 3.8. For the avoidance of doubt, save to the extent expressly provided in these Special Rules or otherwise by application of the relevant Competition regulations, the existence of any confirmed COVID-19 case(s) for any Individual(s) shall not impact on the scheduling of any Match or Competition.

4. Determining the Result of a Match that cannot be Played

- 4.1. If a Participating Team/Participating Club has less than thirteen (13) Participating Players (including one [1] goalkeeper) available for a Match for any reason (whether or not relating to COVID-19), the relevant Participating Team/Participating Club shall not be able to participate in the Match. Such Participating Team/Participating Club shall be held responsible for the Match not taking place and shall be considered to have withdrawn from the relevant Competition. The relevant Participating Team/Participating Club and its affiliated Member Association shall be subject to the provisions of the relevant Competition regulations regarding the consequences of withdrawal, as applicable.

In exceptional circumstances and provided that any rescheduling will not affect the Match Schedule determined by the AFC General Secretariat, the AFC Competitions Committee (or any sub-committee carrying out duties on its behalf) may grant an exception to the foregoing and allow the relevant Match to be rescheduled.

Competitions (or parts thereof) to be played in a centralised format (including, for example, centralised Matches in the Group Stage of AFC Club Competitions)

Such proposal shall be submitted by no later than thirty (30) days prior to the relevant Match or as otherwise instructed by the AFC for the AFC's written approval (to be granted or withheld at the AFC's sole discretion). The Host Organisation will remain responsible for the organisation of the Match at the neutral venue and all related costs. In case the Host Organisation fails to propose an alternative neutral venue in accordance with the applicable deadline, its Participating Team/Participating Club shall be considered to have withdrawn from the relevant Competition. The relevant Participating Team/Participating Club and its affiliated Member Association shall be subject to the provisions of the relevant Competition regulations regarding the consequences of withdrawal, as applicable.

- 4.6. If the Host Organisation has complied with the requirements set out in Article 4.4 but an away Participating Team/Participating Club cannot travel to the

 - c. Football participants who test positive will not be allowed to participate in any footballing activities and will be under supervision of team doctors.
 - d. Only football participants who test negative will be allowed to participate in footballing activities.
4. Require that all players and team officials use masks in the training environment, on their way to and from the training ground, and when each person leaves the training venue.
